High Sierra 2014

Range News—Nancy Tidwell

Special points of interest:

- Time change for the Sunday Shoots start at 9:00 a.m. for the winter.
- Whenever you visit the range, you must sign in and carry your card.
- When you're at the range take a moment and just enjoy how much effort has been put into keeping the range up, then thank someone you know who has been there. It makes the difference.

NOVEMBER 2014—By the time you get this it will probably be Thanksgiving. The High Sierra is long gone and winter is setting in.

The High Sierra had the highest number of shooters since we started tracking 254 participants. It was a long day for them, some didn't get off the range till after 4 p.m. There were many tired people but there was no bad tempers. Everything ran smoothly albeit late.

There will be some work done during the winter months to help with the large

shoots we have been having so be on the look out for a way to "help out". Work Parties have not been scheduled but are in the works. We have planned a 2015 Bull of the Woods 3D Unmarked Shoot. If it happens it will be Sunday, February 1st. We will need volunteers for Saturday to put up the animals. Contact Jed or Paul if you're available to help on Saturday or if you can serve food on Sunday.

See you at the range!!!

Bull of the Woods

Notes from the Editor

NOVEMBER— This is the month of Thanks. I would like to give thanks to the clubs that come to our shoot year after year. All of them drive many hours to arrive and they have to maneuver the canyon as well.

So this goes to them. Mojave, Oranco, Woodlake, Fresno, Lodi, Santa Ynez Verdugo Hills, and all the others that come each shoot.

We will be making nominations for some posts at the next meeting. Please make sure you come. The Ballots will go out directly after the meeting, tallied at the January 13 meeting and our Installation dinner will be held at the end of the month.

There was so much discussion at the meeting this past month about activities that the nominations slipped past all of us. Please make sure you attend to nominate someone.

We will schedule the Installation Dinner during the meeting then send out emails and make phone calls to the 55 members who do not have their emails set up with us.

Happy Holiday's

Nancy Tidwell

to be fabulous! We're thinking of widening the stakes so that more can shoot at one time. Would like some input on the shoots, anything to change? We've had lots of compliments from other clubs, great work everyone! The backhoe needs a little work.

The Bull of the Woods 3-D shoot is between the High Sierra and the Pow Wow for members and nonmembers, and we need volunteers to help make it a great shoot. Breakfast will be served. February 1, 2015 is the date chosen for the shoot. This could be a lot of fun if we have enough help! Call Paul Cooper or Jed Kern. We need to fix more 3-D targets; we have a lot that can be used.

We also might change some targets for the Pow Wow, some different designs. Anyone have any ideas? Were also thinking maybe having an open house every few months for curious people, what you think? This could be a way to take advantage of the Hunger Games movie!

REMINDER – There are no Broadheads allowed on the range!

GOOD OF THE ORDER:

The December achievement shoot will be Hunter. The November open shoot will be field.

The drawing for attendance would've been won by Casey Reed, but not here! The pot is now \$291!

A motion to adjourn the meeting at 7:13 PM was made by Henry, and seconded by Al.

Good night all!
