Range News—Nancy Tidwell

JUNE 2015—There were several of us at the range today (Sunday 6/14) even though it was rather warm up there, it was nice enough to complete the Achievement Shoot in 3 hours. With 6 people, Corene stated it was a 200% increase from the last shoot, there was a lot of conversations when we weren't shooting and even while we were.

There hasn't been a

lot of activity at the range mostly just heat. We have some trees that need to be downed and some limbs that need to be cut before they fall.

If you go to the range

to camp or shoot just make sure you take extra precautions in regards to fires and smoking. Always be responsible.

Thank you

Notes from the Editor—Nancy Tidwell

JUNE- Definitely need more practice time. Shot horribly. My plan is to go to the San Francisco Archers One Million BC this year. Which means shooting the way I shot today won't cut it. There are several shoots going on this summer that are away from the heat of the valley.

The one mentioned above is in August, the Madonna Bug Shoot in July, the Cheery Valley Big Bear Shoot in August, Riverside has a night shoot called the Raccoon Shoot in July look in the CBH Newsletter for more information. Go represent the club well.

See you on the ranges.

- Time change for the Sunday Shoots start at 7:00 a.m. for the SUMMER.
- Whenever you visit the range, you must sign in and carry your card.
- When you're at the range take a moment and just enjoy how much effort has been put into keeping the range up, then thank someone you know who has been there. It makes the difference.

Kern River Archers Meeting Minutes June 9, 2015

The June 9, 2015 meeting of the Kern River archers was called to order at 6:35 pm by President Jed Kern. Secretary Stefanie Kern read the minutes from the previous meeting, and they were approved as read.

PRESIDENT REPORT: I've been away from the range for a while, so I'm still catching up. Went to the Broadhead shoot and boy was it challenging! Al, Tim, Vince, and the McCain's went also. We had a great time! Went up to the range this past weekend and there's lots of weeds, lots of dry, and the weeds around the practice butts are going to be knocked down. In case I didn't mention it, it's very dry on the range right now so be careful with any flame or cigarettes! There are a lot of clubs out there that support us during our shoots and we love giving that support right back to them. We would love to have you join us!
